### ***iNSIGHT 70/150***

- Operator's Guide.

### ***iNSIGHT 1900***

- *iNSIGHT 1900* Operator's Guide

## Operating System Compatibility

In order to use the Prisma Scanner Utilities software included with this kit, the host computer system must be running Windows 7 or Windows 10.

## System Notes

- Do not connect more than one scanner at a time to the host computer.
- You must have administrator rights to perform the installation procedures.
- You must install the Prisma Scanner Utilities software before installing ScanTools Prisma software.

Continued on back...

- Only one instance of the Prisma Scanner Utilities software can be running on a PC at one time, even when under separate user accounts using Fast User Switching.

## Installation Instructions

**We recommend you install the software in the following order.**

- iPORT drivers (for iNSIGHT 70/150 and iNSIGHT 1900)
- Prisma Scanner Utilities Software
- ScanTools Prisma software

To install the iPORT scanner drivers, follow the installation instructions in the iPORT Installation Guide.

### Installing Prisma Scanner Utilities

Complete the following steps to install Prisma Scanner Utilities:

1. Insert the Prisma Scanner Utilities CD-ROM into the CD-ROM drive of the computer.
2. Browse to your CD-ROM drive.
3. Double-click setup.exe.
4. Follow the on-screen instructions.
5. Click Finish.
