Comments:

- I wish this company would provide technical training.
- I enjoy my work. This is a lot better place to work than my last job.
- I have only worked here for 3 years. So far it has been a great place to work.
- I wish this company would reward the workers for their level of quality work instead of just giving everyone the same amount of pay regardless of their work quality.
- This company used to be a great place to work. With all the cut backs workers don't feel very secure in their jobs.
- The supervisors in this plant need some training in listening.
- This company needs to pay their employees more. Our family can barely afford to get by with the amount of money I get paid.
