

SurveyTracker Plus®

Web Survey Hosting

Web Survey Hosting services provide you with a convenient and easy web platform so you can quickly upload your web surveys. There's no need to involve your organization's IT department or web server resources, nor do you have to spend valuable time researching other web hosting options. You can have your survey online in no time.

Scantron handles the details.

We provide simple step-by-step instructions to publish your survey to our web server.

Just use SurveyTracker Plus to create your surveys and upload your files to our server. Then just point your respondents to the URL or use SurveyTracker Plus to send out email invitation messages with a unique link to each respondent.

For a simple periodic fee, you'll have unlimited access and storage for your SurveyTracker Plus web surveys. You won't be charged for anything else! We never charge additional or hidden fees based on the number of surveys hosted, amount of data collected, delivery devices, or respondent actions.

Same great features, but with hosting!

- Customize survey invitations or even the survey itself for each potential respondent
- Save and resume capabilities
- Skip and Hit to help you control survey navigation
- Must Complete and other data validation
- Multiple scales per question and hundreds of choices per scale
- Question Piping
- Include logos, pictures, and themes
- Show Percent Complete
- Allow the respondent to print responses
- On Submit, redirect users to a new web page, a Thank You page, or restart the survey
- Include survey Thank You Message (including custom URLs)
- Include optional real time reports to respondents
- Host standard web surveys or custom accessibility versions that are tailored for mobile devices or the visually impaired
- And so much more!
