

# Automated Test Scoring and Analysis

## Scantron Score™

No more manually scoring tests! The Scantron Score Test Scoring Machine (TSM) helps you make the most of teaching and training time by automatically scoring tests and analyzing results. With the Scantron Score, you can accurately score up to 40 tests per minute, then immediately see how students performed on the test.

### Transfer Results

Copy test results to a USB drive and take them back to your desk for further analysis.

### Easy to Learn

Straightforward, plain-language instructions make setting up answer keys and scoring tests a snap.

### Keep Forms Together

Use the output tray to keep batches of forms (classes, tests, etc) together and neatly stacked after scoring.

### Easy Portability

Need to change locations? Just pick up the scanner and go—no computer connection required.

### Existing 888p+ forms inventory?

No problem!

They will also work on the Scantron SCORE

## Tremendous Flexibility

Choose the number of questions, the types of answer choices, whether the test has multiple versions, and many more options to help you create and score the most effective test for your students' abilities. You can also include results using our Subjective Score area. Our unique Low Visibility Answer Sheets (LOVAS) offer increased test security, while mini essay books and forms with blank work space provide areas for answering essay questions and showing calculations.

## More than Test Scoring

Save hours of manual tabulation time by automatically tallying results from elections, instructor evaluations and surveys. Survey forms and ballots are available in several styles to meet a wide range of needs. A comprehensive list of all forms can be found online at [www.scantronforms.com](http://www.scantronforms.com).

## Technical Specifications

Physical Description	Length: 24.25" (616 mm); Width: 12.0" (305 mm); Height: 12.0" (305 mm); Weight: 7.4 lbs (3.36 kg)
Environment	Operating Temperature: 60° to 85°F (16° to 29°C) Humidity: 40% to 60% (non-condensing)
Power	100-240 VAC (-10%, +6%), 50-60 Hz US 3-prong plug; 15 Amp dedicated circuit
Regulatory Compliance	UL Listed; RoHS Compliant; Class 1 LED Product
Light Source	Infrared LED (reads #2 pencil marks)
Display	128 x 64 pixel graphic LCD
Paper Handling	3¼" x 5" to 8.5" x 12" (86 mm x 127 mm to 216 mm x 305 mm)
Output Stacker Capacity	30 sheets
Scanning Rate	Up to 40 sheets per minute
Printing	Two replaceable long lasting ink cartridges
Upgrades	Uses flash drives via integrated USB port

## Scantron Score Features

Test Scoring	Scores up to 100 questions (multiple choice, true/false, matching) in a single pass. Prints an error mark or correct answer next to wrong answers. Prints the total number of wrong answers as a raw score or percentage and raw score.
Performance-Based Scoring	Combines a score from an objective-based test with results of a performance-based assignment into one raw or percentage score.
Multiple Versions	Scores up to 4 test versions simultaneously.
Rescore	Rescores tests and prints adjusted score.
Item Analysis	Prints an item analysis to identify weak items and skills needing review.
Ballot & Survey Tabulation	Tallies responses from elections, community surveys, course or instructor evaluations, etc. Prints a serial number identifying each form. Processes up to 9,999 forms per batch.
Self Calibration	Ensures continued accuracy without user intervention.
Advanced Mark Discrimination	Intelligently differentiates between intended marks and erasures.
Documentation	<ul style="list-style-type: none"> <li>• Quick start guides</li> <li>• Attractive comprehensive poster</li> <li>• Attached pullout instruction sheet and integrated on-screen help</li> <li>• Rich multimedia website with videos, graphics, and step-by-step instructions (<a href="http://www.ScantronScore.com">www.ScantronScore.com</a>)</li> </ul>
No PC Required	Standalone operation allows sharing between multiple individuals.
